Memo

Sir

A provision of Rs 3000 was made in the current year's D. F Budget of Kolar for a town Hall in the District Head Quarters and it was struck off the Budget with the remark that its cost is a legetimate charge upon Municipal and not District Funds

2. In his letter dated 30th May 1893 No $\frac{3780}{939}$ the Dy Comr stated that the building would be useful for the annual meetings of the members for the election of Dasara representatives and also for other various public and general meetings for which there is many an

in an important town
like Kolar and that
the municipality being too
poor to bear the cost of
building, an appropriation
from D. F would not
be foreign to the object
of the Fund, in as much as
Musafankhanas are
allowed to be constructed
out of the same funds
without indenting on the
Municipal funds. He added
that if the proposal be
considered inconsistent
with the general principle
observed in spending D. Funds,
it might be sanctioned as
a special case, as it had the
unanimous approval of all
the members of the Board

In their Proceedings dated
21st July 1893 etc 1203/110.92. Govt

wished to know if there was sufficient public spirit in Kolar to meet one-~~third~~ half of the cost by private subscriptions by the towns people, in which case, Govt would be prepared as a special case, to contribute the other half in such proportion from such funds as they might consider proper.

In his letter dated 19th December 1893 cls 2088/538 the Dy Com of Kolar states that only Rs 213 was collected in the shape of private subscriptions towards the building and there seems to be no chance of collecting anything more for the purpose and requests sanction for the construction

construction of the Town Hall in the District Head Quarter town as Govt have liberally sanctioned Chavadies for villages.

In Thereon.

In reviewing the unanimous resolution of the district Fund Board and the strong recommendation of the Deputy Commr. Govt are pleased to reconsider their order and approve as a special case, the provision of 3000 Rs for a town Hall in Kolar being retained in the Budget. This will reduce the estimated balance on 30th June 1894 to 4631 Rs.

Bangalore

Sir,

With reference to para 18 of the Government proceedings no 17325-29 / LF 110-92 of the 22nd April 1892, sanctioning the provision made in the District Fund Budget for 1893-94 for the construction of a building for public meetings and for purposes of general utility at Kolar I have the honor to submit that the necessity for a public building of this kind at the Head Quarters of the district cannot be overstated, and the Municipality being too poor to bear the cost of the work a proposal to resort to the District Funds for the required help was unavoidable

2 The building will be useful for the annual meeting of the members for the election of representatives for the Mysore Dasara assembly as also for other various public and Gneral meetings for which there so many an occasion in our important town like Kolar and in this view any abbrokriation of the District

Funds for the building will not altogether
be foreign to the objects on which an
expenditure from such funds is justifiable
3 The Government have been liberal
in sanctioning the construction of Bungalow
Rhanas from the District Funds of the
outlying Taluk Kachas without indenting
on the funds of the respective Municipalities
and the grant of a similar concession
in respect of the building proposed for
Kolar will be a great boon conferred
on the General public.-
4 If the above proposal, is con-
sidered inconsistent with the General
principle that is generally observed
in expending District Funds this item
may be sanctioned as a special case
since it has the unanimous approval
of all the members of the Board
or the necessary grant may be made
from the Local Funds Fund.-
5 They under these circumstances
do solicit a reconsideration of the
orders passed in the case.
